Take advantage of faster speed-to-lead and higher Lead Conversion rates when leads are automatically sent to improveit 360

- **Improved lead response time (speed-to-lead)** - Leads can be called within seconds of submission.
- **Automated workflow efficiency** - No manual data entry or lead routing delays.
- **Competitive advantage** - Many businesses still rely on manual data entry. While they're just entering the lead, you're already making a call to secure an Appointment time.

## Technical details...

- The standard setup includes data points such as First Name, Last Name, Email, Phone Number, Street Address, City, State, Zip, Product, Lead Source, Source and Source Type. Note: This integration is offered on an as-is basis.
